George spoke with ORD (Doug McKinney) last week, and Doug agreed to edit the LEAF report per our request . We expect a revised report today or tomorrow. George also spoke last week with Sylvia Lowrance (former AA for OSWER and consultant to AES), and is awaiting proposed meeting dates from her on behalf of AES. Once the revised report and dates are received, ORC will set up the meeting with AES and transmit the report to them. Also, we have provided photographs of the deposition of Agremax in a dry river bed to Jose Font, Ex. 5 - Deliberative
